Sub: assigning Mentors for continuous follow-up of students for better performance and addressing their grievances –reg

Kind attention: All Heads of departments

Team,

In continuation with our meeting, I hereby request you to allot Mentors for each class with a SFR of 1:20. Let each mentor talk with their mentees to understand their difficulties during this covid situation regarding attending online classes and attending practice sessions. Kindly advise them not to stop with academic alone. Let us try to understand their other difficulties like digital divide etc., and encourage them to boost their confidence. Hope all the mentors will understand the importance of their role as mentor and provide the required assistance through regular counselling. I request all Heads to submit the Mentor-Mentee details and regularly update with minutes of meeting and the action taken report. Stay Home and Stay safe
